

WiLearn Program Foundational Elements Overview for Balance of State Cohorts

This is a SAMPLE overview of how WiLearn Foundational Elements are scheduled. Week 1 represents the formal start of the Foundational Elements. Total weeks to completion and scheduling cadence will vary slightly by cohort.

Community Huddles, typically scheduled weekly for 1-1/2 to 2 hours, are live, virtual cohort gatherings where the learners come together with a facilitator to explore and discuss the content with their peers. Asynchronous components, which are completed between Community Huddles, include self-paced Prework, Grounding Activities, Packets, Independent Studies, and Culminating Activities.

*Denotes some examples of training that may be required but are not a part of the WiLearn Program. There are other required and recommended trainings, such as YASI, that can be completed in tandem with the Foundational Elements.

WiLearn Program Foundational Elements Dates for Balance of State Cohorts*

CPS professionals who are required to complete WiLearn will be assigned to the next available cohort based on their hire date. Cohorts start on a monthly basis. Hiring date ranges are established to allow adequate time for CPS professionals to fully complete Case Worker Pre-Service in advance of the cohort start date along with local agency orientation, training, and onboarding activities.

**Dates are subject to change.*
