# Wisconsin Child Welfare Out-of-Home Care (OHC) Dashboard

The Out-of-Home Care (OHC) Dashboard provides information on children in OHC including information on OHC trends over time, child demographic information, information on child removals to OHC, and child discharges from OHC. There are a total of six tabs in this dashboard. Screenshots and descriptions of these six tabs follows.
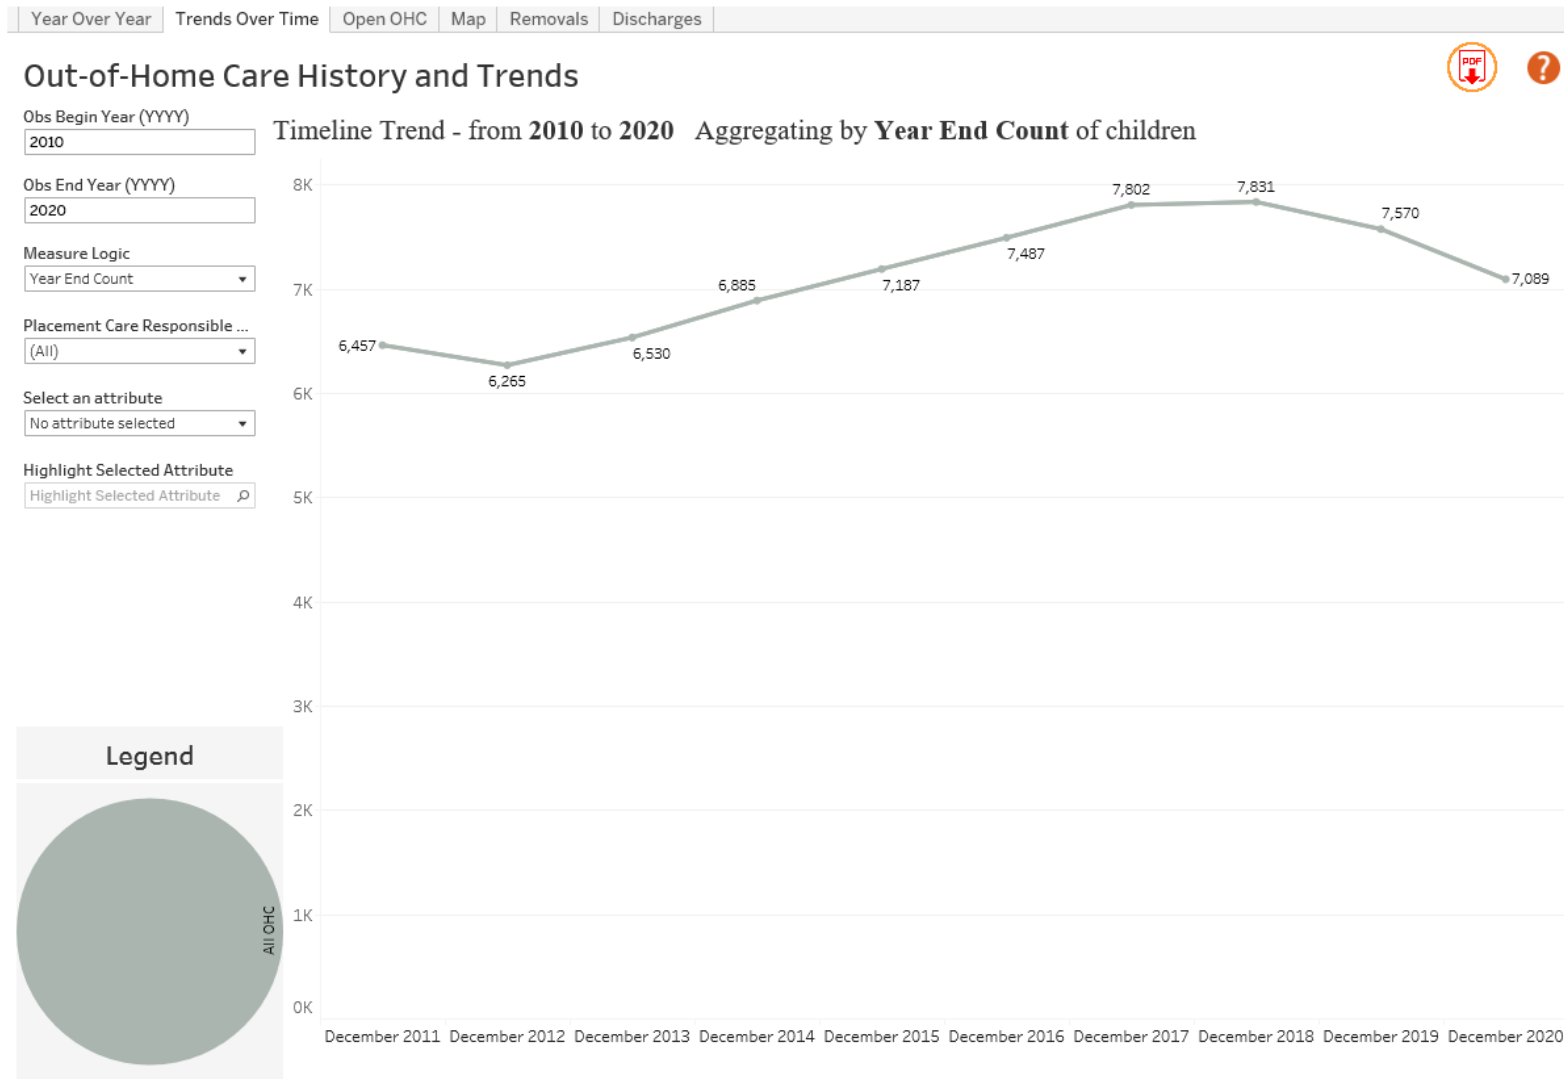

Contents

Year Over Year Tab

The Year Over Year tab provides high-level information on the total number of children served in Out-of-Home Care, at the end of each year.
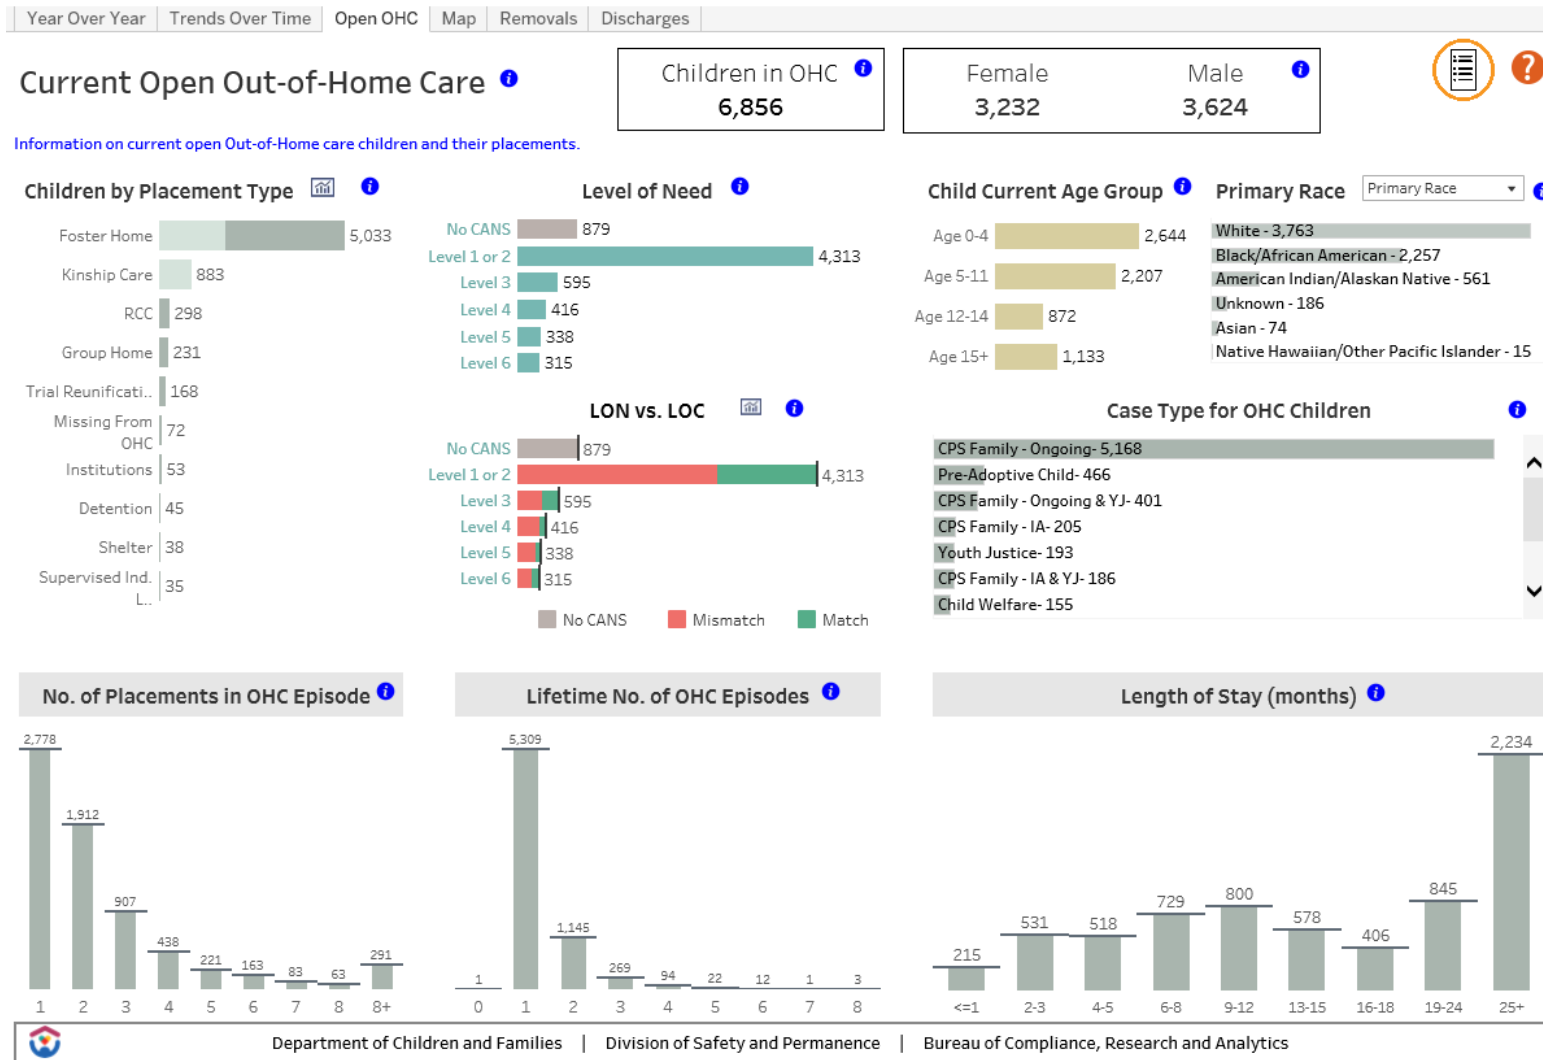

Trends Over Time Tab

The Trends Over Time tab provides high-level information on Out-of-Home Care history trends aggregated by either a year end count, month end, or a monthly total served count of children.
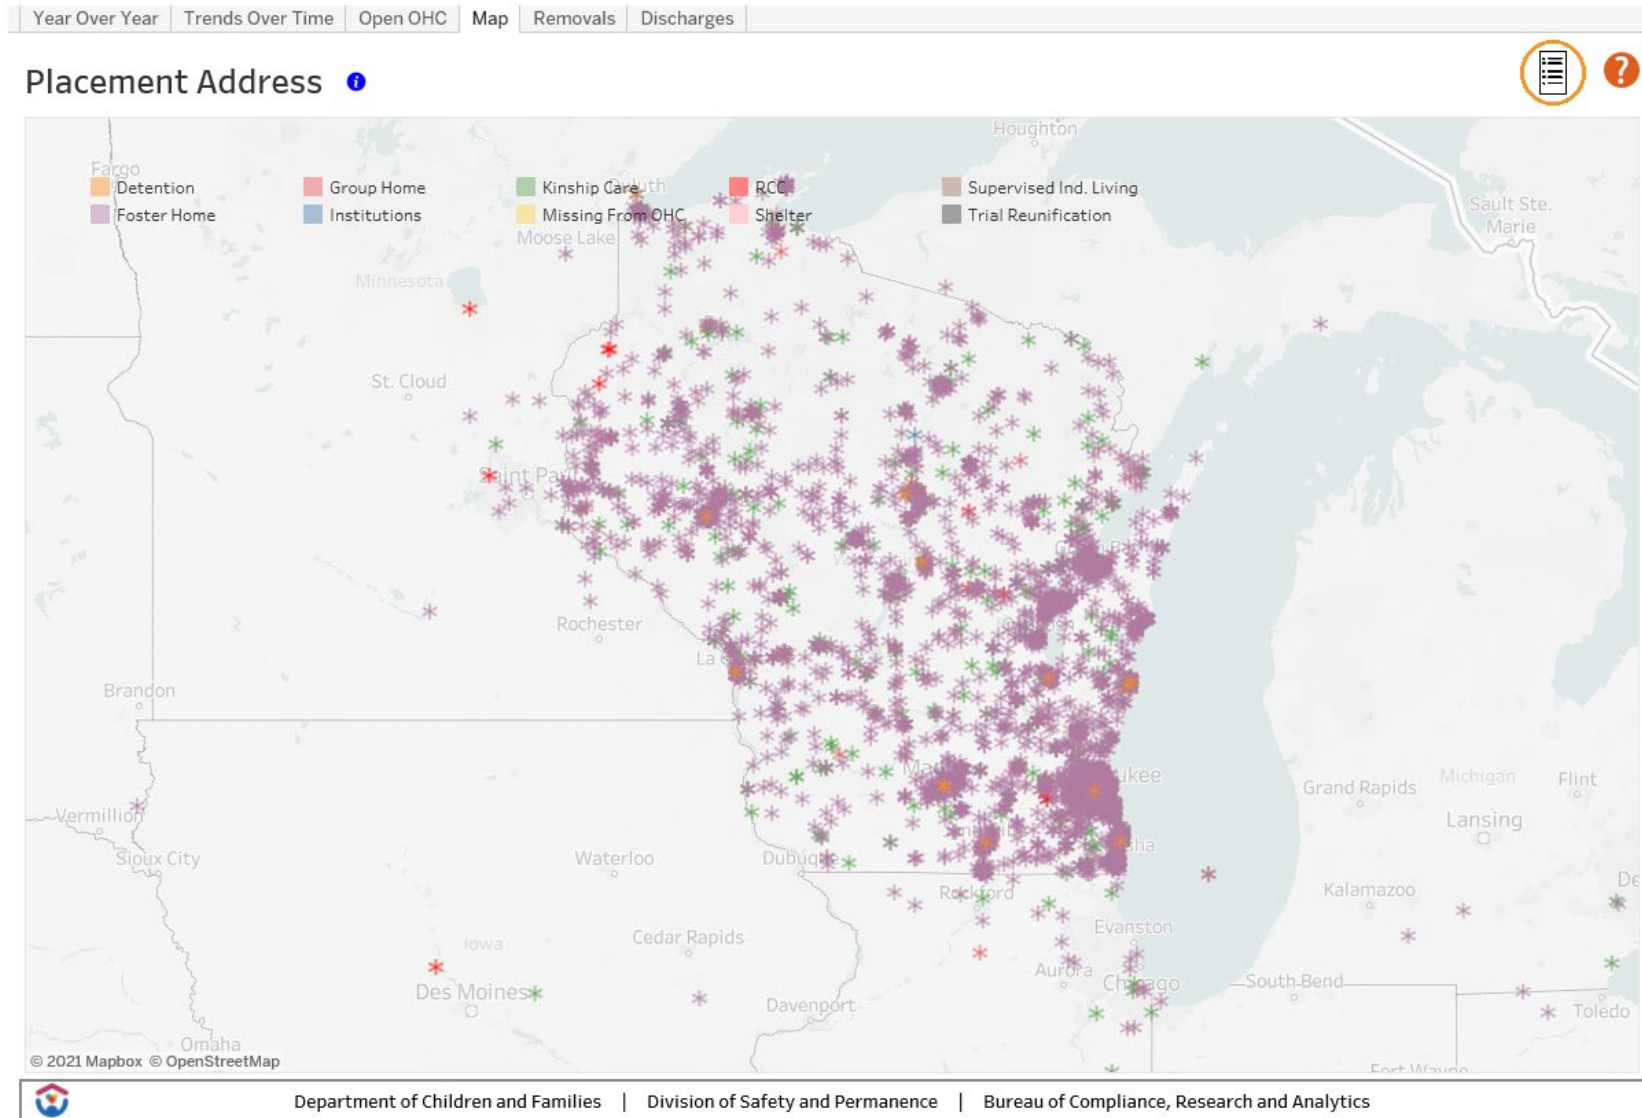

Open OHC Tab

The Open OHC Details tab provides high-level information on the total number of children currently in Out-of-Home Care.
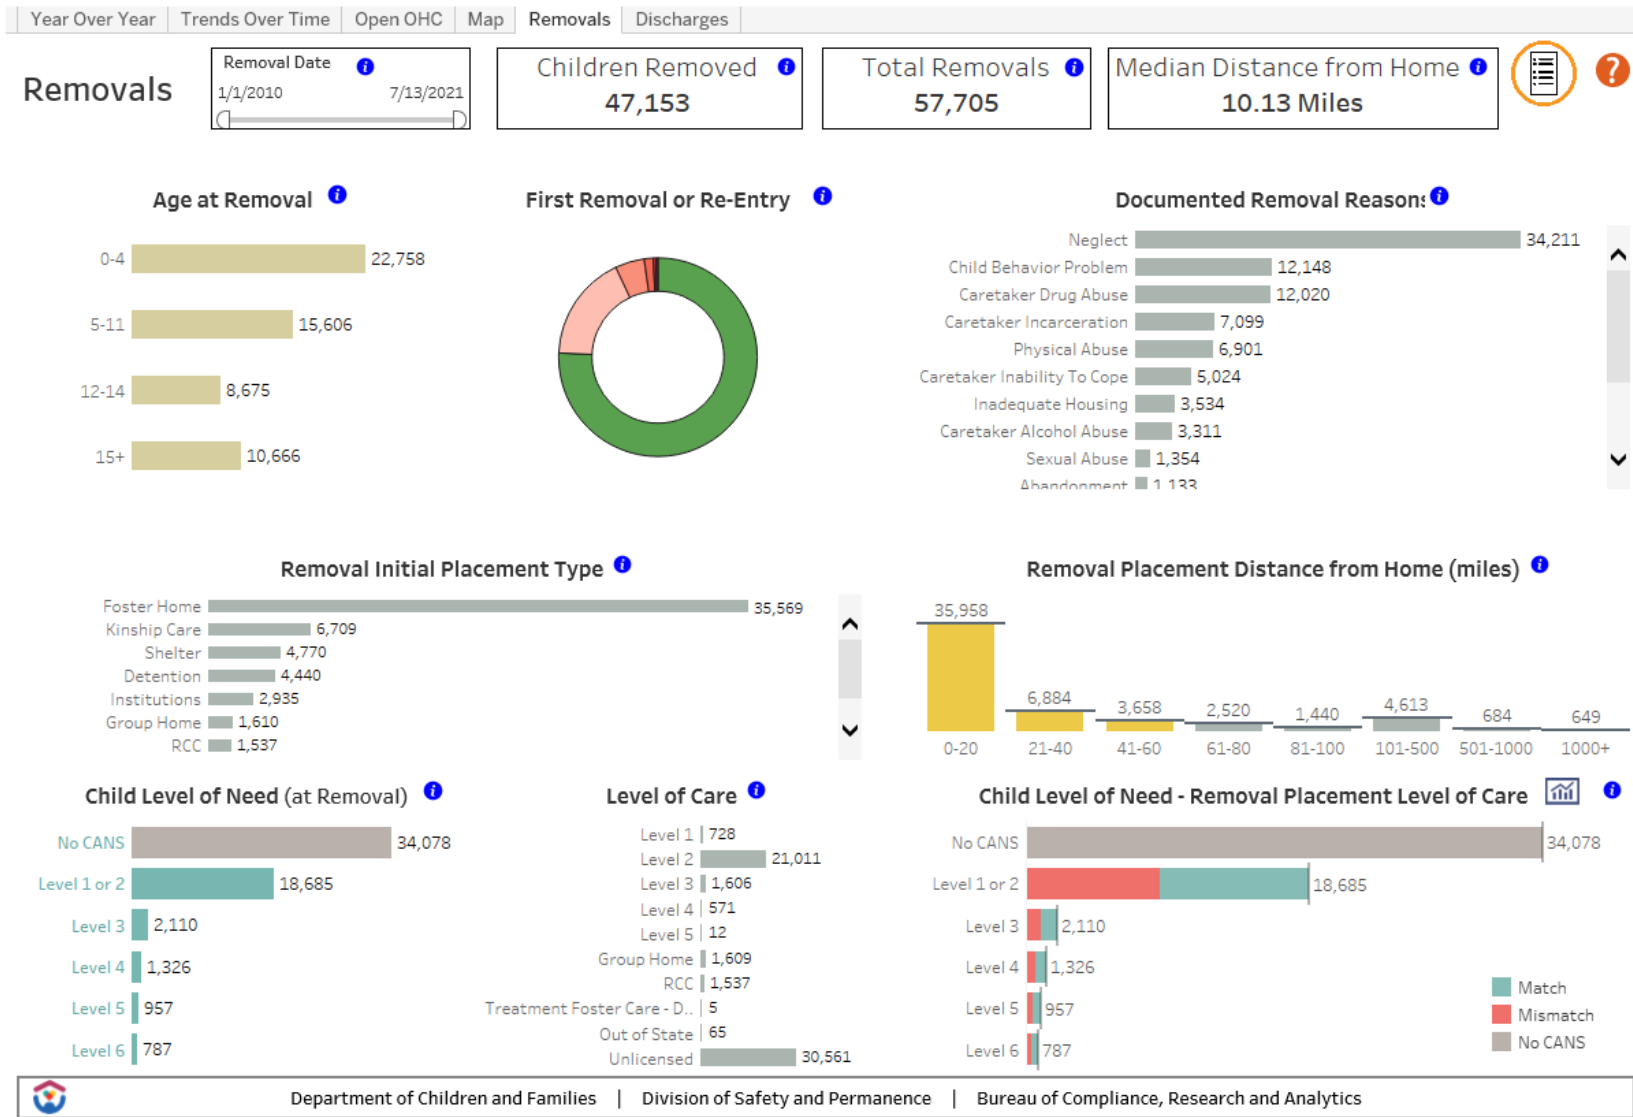

Map tab

The Placement Address Map tab provides a visual representation of where children are placed.

Removals Tab

The Removals tab provides information on the children removed into OHC during the time period selected.

Discharges tab

The Discharges tab provides information on the total number of children who discharged out of OHC during the time period selected, going back to 2010. The total number of discharges themselves is also provided.
