

Nurturing Connections: A Training for Foster and Adoptive Parents Registration Process

Users will access their accounts and take the user profile as they have previously. This sets them up to see courses and curriculums correctly in PDS Online.

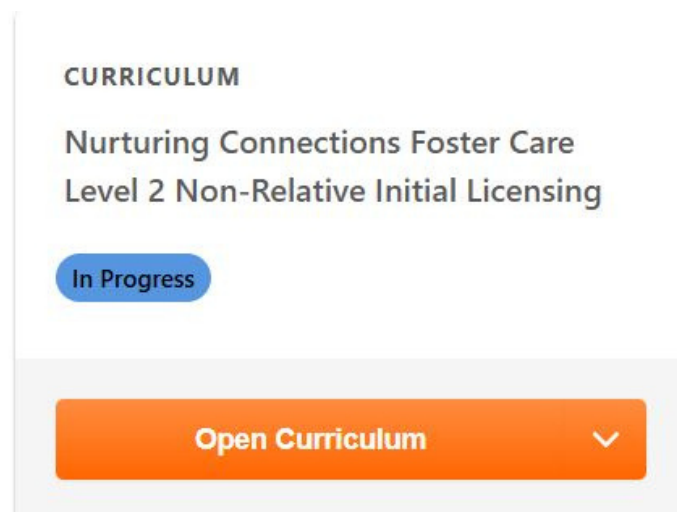

Step One: User will search for the curriculum and choose the applicable option

Step Two: User will request the curriculum and it will display on their transcript

Step Three: User will click Open Curriculum to see a listing of trainings

Step Four User can register for all trainings directly from the transcript screen. Right Time/On Demand trainings can be accessed and completed directly in the curriculum. Users will have to completed these as individuals for them to count on transcripts (if a couple watches together).

Once completed with all required trainings and the correct hours of optional trainings, the user will take an “exit evaluation” that will denote completion.

For those moving to adoption training, all applicable trainings in registered or completed status will move over to the new curriculum, showing the updated progress.
